Draper, Utah 84020

Subject: Status of Amnor Energy, Inc., Status of Amnor Energy, Inc. Coyote Knoll Mine, S/023/0086, Juab County, Utah

Dear Mr. Kofford:

It has come to the attention of the Division of Oil, Gas and Mining that Amnor Energy Inc., the operator for the Coyote Knoll mine, is no longer registered with the Utah Division of Corporations. According to the Division of Corporations' web site, the company was "voluntarily dissolved."

The Notice of Intention needs to be in the name of a business that is registered to do business in the Utah or a sole proprietor. By January 29, 2016, please renew the registration for Amnor Energy or provide an amendment to the Notice of Intention to Commence Small Mining Operations (Notice) showing the operator as either a sole proprietor or a company registered to do business in Utah. This may necessitate a transfer of the Notice or it may be considered a name change. Any change in the operator name will require that the name on the account at Zions Bank be changed.

In 2014 the Division received an application to transfer the Notice to Dutch Peak Resources LLC. The transfer application was complete but for replacement pages for the Notice. Dutch Peak Resources is registered to do business in Utah.

Please contact Wayne Western at 801-538-5263 or me at 801-538-5261 if you have questions about this issue. Thank you for your cooperation.

Sincerely,

Paul Baker
Minerals Program Manager
